

#IEI FAMILY

The Institute for Education Innovation (IEI) is a membership-based organization that brings together individuals and organizations dedicated to the success of students in both their academic journey and future endeavors. Our mission is to foster a collaborative environment that encourages constructive problem-solving and innovative thinking. Join the vibrant #IEIFamily and be part of a community that is passionate about transforming education!

WHO WE ARE

IEI is committed to bringing educational leaders together to ensure that they have the influence, access, resources, and support they need to lift students' voices. We seek to elevate the role of superintendents in the K-12 industry by fostering a supportive and influential community. We strive to extend the tenure of all superintendents by providing unparalleled networking opportunities, cultivating a strong sense of belonging, and connecting them with leading solution providers. We empower superintendents to amplify their voices, becoming thought leaders who shape the future of education. Together, we are building a community that uplifts, supports, and drives lasting impact in the K-12 landscape and on the students in our schools.

JOIN THE IEI FAMILY

ABOUT US

"There is so much that we, as district leaders, can share and learn from one another. It felt therapeutic and inspiring to discuss our challenges and opportunities."

DR. JENNIFER COLLIER,
SUPERINTENDENT
KANSAS CITY PUBLIC SCHOOLS

LEARN MORE
